

# MARK ARAUJO

## Senior Consultant, Discovery Services

Mark is a Relativity Certified Administrator with a strong technical background in data hosting, review, and productions.

At iDS, Mark manages cases throughout all phases of the eDiscovery lifecycle, from project initiation to project closure. In addition, Mark supports clients through collections, monitors all data processing, supports Relativity workspace and the reviewers, and manages productions.

Mark worked in finance for seven years before making the leap to eDiscovery.

Born in Washington DC and raised in Maryland, Mark is of Portuguese decent and a first generation American. He is married to someone who also works in the same field and in a previous life, Mark was a local Washington DC DJ.
